

Checklist of the Longhorn Beetles (Family Cerambycidae) of Queen's University Biological Station

Mark Andrew Conboy
December 2010

This list of 45 species of longhorn beetles from 5 subfamilies was compiled primarily from specimens in the Queen's University Biological Station collection. Scientific and common names (when they are available) are given for each species. I suspect that many more longhorns will be added as future collecting occurs and any new records will be added to future editions of this checklist. A good field guide for identifying longhorn beetles at QUBS is *Northeastern Longhorned Beetles (Coleoptera: Cerambycidae)* (Yanega 1996). Please send comments, corrections, observations and additional information to Mark Andrew Conboy (7mc19@queensu.ca).

	Scientific Name	Common Name
<hr/>		
	Cerambycinae	Round-necked Longhorns
1.	<input type="checkbox"/> <i>Callimoxys sanguinicollis</i>	
2.	<input type="checkbox"/> <i>Clytus ruricola</i>	
3.	<input type="checkbox"/> <i>Cyrtophorus verrucosus</i>	
4.	<input type="checkbox"/> <i>Dectes texanus</i>	
5.	<input type="checkbox"/> <i>Enaphalodes rufulus</i>	Red Oak Borer
6.	<input type="checkbox"/> <i>Glycobius speciosus</i>	Sugar Maple Borer
7.	<input type="checkbox"/> <i>Purpuricenus humeralis</i>	
8.	<input type="checkbox"/> <i>Xylotrechus colonus</i>	Rustic Borer
<hr/>		
	Lamiinae	Flat-faced Longhorns
9.	<input type="checkbox"/> <i>Acanthocinus pusillatus</i>	
10.	<input type="checkbox"/> <i>Hyperplatys maculata</i>	
11.	<input type="checkbox"/> <i>Liopinus alpha</i>	
12.	<input type="checkbox"/> <i>Microgoes oculatus</i>	
13.	<input type="checkbox"/> <i>Monochamus notatus</i>	Northeastern Sawyer
14.	<input type="checkbox"/> <i>Monochamus scutellatus</i>	White-spotted Sawyer
15.	<input type="checkbox"/> <i>Oberea praelonga</i>	
16.	<input type="checkbox"/> <i>Saperda candida</i>	Round-headed Apple Borer
17.	<input type="checkbox"/> <i>Saperda imitans</i>	
18.	<input type="checkbox"/> <i>Saperda lateralis</i>	Red-edged Saperda
19.	<input type="checkbox"/> <i>Saperda obliqua</i>	Alder Borer
20.	<input type="checkbox"/> <i>Saperda populnea</i>	Eastern Gall Saperda
21.	<input type="checkbox"/> <i>Saperda tridentata</i>	Elm Borer
22.	<input type="checkbox"/> <i>Saperda vestita</i>	Linden Borer
23.	<input type="checkbox"/> <i>Tetraopes tetrophthalmus</i>	Red Milkweed Beetle

Lepturinae		Flower Longhorns
24.	<input type="checkbox"/> <i>Analeptura lineola</i>	
25.	<input type="checkbox"/> <i>Anthophylax attenuatus</i>	
26.	<input type="checkbox"/> <i>Anthophylax cyaneus</i>	
27.	<input type="checkbox"/> <i>Brachyleptura vegans</i>	
28.	<input type="checkbox"/> <i>Centrodera decolorata</i>	
29.	<input type="checkbox"/> <i>Desmocerus palliatus</i>	Elderberry Borer
30.	<input type="checkbox"/> <i>Gaurotes cyanipennis</i>	
31.	<input type="checkbox"/> <i>Idiopidonia pedalis</i>	
32.	<input type="checkbox"/> <i>Pidonia ruficollis</i>	
33.	<input type="checkbox"/> <i>Pseudogaurotina abdominalis</i>	
34.	<input type="checkbox"/> <i>Stenocorus schaumii</i>	
35.	<input type="checkbox"/> <i>Stenocorus vittiger</i>	
36.	<input type="checkbox"/> <i>Stictoleptura canadensis</i>	Red-shouldered Pine Borer
37.	<input type="checkbox"/> <i>Strangalepta abbreviata</i>	
38.	<input type="checkbox"/> <i>Strangalepta pubera</i>	
39.	<input type="checkbox"/> <i>Strangalia luteicornis</i>	
40.	<input type="checkbox"/> <i>Strophiona nitens</i>	Chestnut Bark Borer
41.	<input type="checkbox"/> <i>Trachysida mutabilis</i>	
42.	<input type="checkbox"/> <i>Trigonarthris proxima</i>	
43.	<input type="checkbox"/> <i>Typocerus velutinus</i>	
Parandrinae		Aberrant Longhorns
44.	<input type="checkbox"/> <i>Parandra brunnea</i>	Pole Borer
Prioninae		Tooth-necked Longhorns
45.	<input type="checkbox"/> <i>Orthosoma brunneum</i>	Brown Prionid
