

# List of QUBS Amphibians & Reptiles / Liste des amphibiens & des reptiles de la QUBS

## Order Anura

- American toad / Crapaud d'Amérique (*Anaxyrus americanus*) Grey  
treefrog / Rainette versicolore (*Hyla versicolor*)
- Boreal chorus frog / Rainette faux-grillon (*Pseudacris triseriata/maculata*) [COSEWIC: *threatened*. Note some ambiguity as to whether it is the boreal (*P. maculata*) or western chorus frog at QUBS. Mitochondrial DNA implies the former. Further genetic work will clarify this]
- Spring peeper / Rainette crucifère (*Pseudacris crucifer*)
- Mink frog / Grenouille du Nord (*Lithobates septentrionalis*) Occurs regionally but still undocumented at QUBS
- Green frog / Grenouille verte (*Lithobates clamitans*) American  
Bullfrog / Ouaouaron (*Lithobates catesbeianus*)
- Northern leopard frog / Grenouille léopard (*Lithobates pipiens*) [various western and northern populations are listed by COSEWIC]
- Pickerel frog / Grenouille des marais (*Lithobates palustris*) Uncommon at QUBS
- Wood frog / Grenouille des bois (*Lithobates sylvaticus*)

## Order Caudata

- Mudpuppy / Necture tacheté (*Necturus maculosus*)
- Blue-spotted salamander / Salamandre à points bleus (*Ambystoma laterale*)  
Spotted salamander / Salamandre maculée (*Ambystoma maculatum*)
- Red-spotted newt / Triton vert (*Notophthalmus viridescens*)
- Redback salamander / Salamandre cendrée (*Plethodon cinereus*) Uncommon at QUBS  
Four-toed salamander / Salamandre à quatre orteilles (*Hemidactylium scutatum*) Uncommon at QUBS
- Northern two-lined salamander / Salamandre à deux lignes (*Eurycea bislineata*) Occurs regionally but still undocumented at QUBS

## Order Testudines

- Snapping turtle / Tortue serpentine (*Chelydra serpentina*) [COSEWIC: *special concern*]  
Common musk turtle / Tortue musquée (*Sternotherus odoratus*)
- Common map turtle / Tortue géographique (*Graptemys geographica*) [COSEWIC: *special concern*]
- Midland painted turtle / Tortue peinte (*Chrysemys picta marginata*)
- Blanding's turtle (*Emydoidea blandingii*) / Tortue mouchetée Rare globally. [COSEWIC: Great Lakes & St. Lawrence population - *threatened*]

## Order Squamata Suborder

### Lacertilia

- Five-lined skink / Scinque pentaligne (*Plestiodon fasciatus*) Rare at QUBS. [COSEWIC: Great Lakes & St. Lawrence population - *threatened*]

### Suborder Serpentes

- Gray ratsnake (*Pantherophus spiloides*) / Couleuvre obscure [COSEWIC: Great Lakes & St. Lawrence population - *threatened*]

- Eastern milksnake / Couleuvre tachetée (*Lampropeltis triangulum*) [COSEWIC: *special concern*]
- Northern water snake / Couleuvre d'eau (*Nerodia sipedon*) Eastern garter snake / Couleuvre rayée (*Thamnophis sirtalis*)
- Northern ribbon snake / Couleuvre mince (*Thamnophis sauritus*) [COSEWIC: *special concern*]
- Midland brown snake / Couleuvre brune (*Storeria dekayi*)
- Northern redbelly snake / Couleuvre à ventre rouge (*Storeria occipitomaculata*)
- Northern ringneck snake / Couleuvre à collier (*Diadophis punctatus*) Rare at QUBS
- Smooth green snake / Couleuvre verte (*Opheodrys vernalis*)
